To Our Many Friends and Patrons

For the past three weeks our store has been in the hands of carpenters, painters and decorators. Seeing the necessity of more show room on account of our growing business, we have taken on one-half of our basement, over 3,000 square feet, and fitted it up as a show room, where we shall show Office Furniture, Dining Room Tables, Chairs and Brass and Iron Beds. We have installed Tungsten lights which gives us a flood of light to display the above goods under.

In addition to these improvements we have taken the space formerly occupied by the above lines and fitted up the most attractive Interior Decoration department, outside of Boston, where we shall show our Laces and Draperies over display poles, so that you can get practically the same effect as in the home. We shall also show in this department our full line of Wall Papers—the largest and most complete line in the state. Novelties not to be found elsewhere.

If you have a house to furnish, or a room, take advantage of our Interior Decoration department. Get the color scheme right, see the effect of the side walls, hangings and floor coverings together as they will look in the house.

CUSTOM TAILORING

AT READY-TO-WEAR PRICES

What man wouldn't prefer a custom-made Suit or Overcoat? But it isn't always possible to get what you want from your tailor, and if he can give you style, fit and service, it must needs be at a price you can ill afford to pay.

In our new Tailoring Department we can show you hundreds of shades, weaves and patterns in all Pure Wool materials. We will take your measure and make you a Suit or Overcoat from the materials you select. It will be a perfect fitter, a stunning looker, and we'll guarantee style, wear and satisfaction. Call to-day. See the **New Styles**.

We also make Ladies' Garments to order.

We have the latest style patterns of goods. We clean, press, repair and dye garments at a very reasonable price.

No free rides. But our customers are always welcome to inspect our stables and cattle. We are to-day producing every quart of milk sold by our cart on our own farm, joining the city line, in the nearly five years we have been in the milk business here, there has never been a sample of our milk sent to the laboratory of hygiene, which did not test 500 or better. Each and every one was absolutely free from dirt or any other contamination. Mr. Milk Consumer, it falls on me to tell you this, as our health officer does not see fit to publish each dairy's standing, as Dr. Lindsay has done in Montpelier. Phone 214-12. F. B. Martin.

VISITED DODGE CREAMERY.

Patrons Saw Many Interesting Things and Went to Note Dairies.

Editor, Barre Daily Times: L. B. Dodge did a very courteous act when he invited his milk customers to visit and inspect his creamery plant, and then gave them all a ride to some of the dairies where he obtains milk.

There were a good number who accepted the invitation and I am sure they all enjoyed themselves very much. I am confident that Mr. Dodge has one of the best equipped plants in Vermont. The refrigerating machine and cold storage rooms are fine, the testing machine, churn, butterworker, ice cream freezer, etc., are all interesting to know about. Everything is kept clean and up to date about the building. Mr. and Mrs. Dodge accompanied their guests to the farms and spared no pains to make each one of the company comfortable.

Many of the cows seen are registered and high priced stock. Holsteins, Jerseys and Ayrshires, all good, clean and wholesome looking creatures, and showed care. From one cow seen the owner has made 2 1/2 pounds of butter from one day's milking, so we were convinced that the milk we are buying from Mr. Dodge is "all right."

Rev. E. M. Fuller, formerly pastor of the Baptist church in this city and more recently secretary of the Vermont State Sunday School association, has been called to become secretary of the New Hampshire association of like purpose. In his letter accepting the position, Rev. Mr. Fuller wrote: "That the circumstances leading up to the call and the spirit in which it was extended make the summons one that could hardly be evaded."

Card of Thanks.

We wish to express our sincere thanks to all our friends who assisted us during the illness and death of our darling; and for the beautiful flowers at the funeral.

Mr. and Mrs. Robert Cruickshank.

VOTE YES! VOTE YES!

[Communicated.]

The no-license committee tell us that west of the Missisquoi two or three counties in one state send not a lunatic to the asylum because they vote No. But, gentlemen, you mistake the cause. The real reason is because that western soil does not raise lumber, but prefers the wheat crop. Transport Vermont at once in an airplane to that land of safety! So long as she remains where she is, she will raise lots of lunatics; and, what is worse, they will all vote No. So men vote Yes!

The committee assure us that when our city votes Yes, it costs more to support her poor. Here, gentlemen, is another sin of omission. You don't take into account the big \$500,000 as license fees tucked into the city's pocket when she votes Yes. License pays; poor or no poor, the city grows rich. Vote Yes.

The committee assure us that with license more arrests for drunkenness are made. Here, again, gentlemen, you miss the mark. You don't take into account the arrests made for illegal selling. When liquor is sold legally, there is little illegal selling, with few arrests. When liquor is sold illegally, hundreds of places in the city keep it to sell illegally, with perhaps ten times more arrests. The court are filled with liquor suits—a liquor hell all the time. To save the city from hell—vote Yes!

About sixty years ago, prohibition was enacted. Since then every legislature has struck on that law a patch—fifty patches! It is now the raggedest statute that ever disgraced a state. Don't stick another patch. Vote Yes!

Give us a clean license law in the whole state for ten years, and in so far as liquor is concerned, Vermont will be a paradise regained. Vote Yes! X

A. P. ABBOTT & CO.

Waist Materials

These kinds are for Tailored Waists. They have body enough to hold the laundered collar, and in colors are fast and durable.

White Linen for waists at 29c, 45c and 60c; also the very wide real sheeting Linen, soft finish, sold by art stores as butchers' fine linen.

Imitation of Linen, called Glasco Linen, is same finish as real Linen. Price, 15c.

The latest in Colored Goods is our Cordova Mercerized Stripes, a new cloth this week, to sell at 25c per yard.

Plaza Cloth is our special waist cloth. This is full mercerized finish and very pretty. The price is 25c per yard.

Another cloth for tailored waists is our special Madras, used equally as much for gents' shirts. This cloth just now at 15c per yard.

Twenty-five cent Scotch Gingham for office waists or real smart colored waists are some of the best cloths. All new—not one old pattern being shown.

The largest line of New Suits, Coats and Children's Garments that was ever in our store at this time of the year is now in our Garment Department.

A. P. ABBOTT & CO.

Materials for Waists

Our line of materials for ladies' waists are of a larger variety than usually seen in our store. We shall call your attention to a large variety here that are new and the kinds being shown and sold in ready to wear waists. Many of these cloths are very light weight for short-sleeve waists with plenty of fine lace.

Waist Materials

This line of materials is for thin waists, those with short or three-quarter sleeve. Those made with fine laces or silk applique and embroidered hands.

These cloths are thin Silks, Muslins, Voiles, Marquisettes and Flaxons.

Figured Silks in small figures, also plain Silk as good as Suesine Silk for 29c per yard.

We are putting out a lot of Figured Silks in new designs at 39c per yard, 50c values.

Tan and new blue in Satin Striped Voile. This is a good 65c value, at the popular price of 50c per yard.

We have all colors in an all-wool Nuns Veiling for 50c per yard. These with fine laces make pretty waists.

Fine Allover Swiss Embroideries are to be some of our best. These we can match to Edges and Embroidered Bands. Allovers from 50c up to \$5.00 per yard, and a good fine one at 75c and \$1.00 per yard.

Silks, Allover and Edges are very cheap this season. Low prices on raw silk last season makes the goods cheaper this season.

Waist Materials

Heavier Silks for waists and dresses.

The kinds that we are to speak of here are most of them confined to us.

Unlike those in other stores. They may not be as good, or they may be better; that we leave to you to say.

Roughwear Silk, as advertised in all magazines, all colors, yard-wide, for 65c, compares with 87c Silk. Notice the price, 65c, and the width—yard-wide.

St. Regis Yard-wide Silk in all best colors. This we claim is as good as you are likely to find in 27-inch at this price; and doesn't a yard-wide Silk cut better than a narrower Silk, and would it not be good business to get that extra width when the price is the same? Compare the goods.

For \$1.00 we can sell you a C. F. Hovey Messaline in colors; for \$1.35 a B. & A. Messaline. Both are yard-wide. We make less profit on the better one; at the same time recommend it. We always consider the customer before we do our profits.
